SHE DIED FOR LOVE.

Suicide of a Former Sedalia Girl Last Night.

ANOTHER BRIDGE VICTIM.

She Sprang Into the Swift Current at Kansas City—The Body Not Recovered.

Henry Meyer, a painter of this city, who is a brother of Mrs. W. H. Newrich, also of Sedalia, received a telegram last night informing him of the death of his sister in Kansas City last evening, under circumstances peculiarly distressing. The Kansas City Journal of this morning narrates the story thus:

Despondent through the unhappy ending of a love affair, Miss Anna Meyer, of No. 530 Holmes street, yesterday evening at 6:10 o'clock went to her death by leaping from the Hannibal bridge into the swift current of the Missouri river. Three colored fishermen, engaged in their vocation, saw her prepare herself for the fatal plunge and a moment afterward leap into the river.

The unfortunate girl purchased a ticket from F. H. Basman, the gatekeeper, at 5:45 o'clock. She then walked slowly across the bridge towards Harlem. When she reached the center of the bridge she stopped and stood looking over the railing on the west side for several minutes. It was then she attracted the attention of the fishermen. They saw her at last walk rapidly to the little stairway leading to the draw rest and make a short run to its side. For a moment she seemed appalled at the turbid water, and acted as if she half repented of her desire to end her life. Her fear, however, of the river's blackness and depth was soon over and she calmly walked over the edge of the draw rest. As she fell her black straw hat became unfastened from her head and floated slowly downward above her descending body. She came to the surface twice and then disappeared. The body has not been recovered.

When her body was last seen by the fishermen it had been carried beneath the bridge. They hurried to the gatekeeper and related the story of the suicide to him. He went out to the draw rest, in the hope of finding a letter or some article which had belonged to the girl that would furnish a clue as to her identity. At the place where she had last stood was found a pocketbook. It was a souvenir of the electricity building at the world's fair. It contained 15 cents and her bridge ticket for a passage over the bridge, but no papers.

Her identity remained unknown until 9:30 o'clock last night, when a Journal reporter described the pocketbook found on the bridge to Mrs. Katie Farrah, of 530 Holmes street. She immediately recognized it as having belonged to her sister, Anna Meyer, who has been living with her for the past three years. At 5 o'clock yesterday afternoon the dead girl left her sister's home and stated that she was going for a walk. About an hour afterwards Wil' Jackson, a colored boy, brought a message to Mrs. Farrah from her sister. It read as follows:

"Katie, I won't be back, so don't look for me and don't worry about what has become of me, for no one will know. I will have to say good-bye to Kansas City, so good-bye."

ANNA.

Mrs. Farrah knew that her sister had been grieving over a quarrel she had recently had with her betrothed, J. Matier, a news agent on the Missouri Pacific railroad, and thought that she had gone to pay a visit to her mother, Mrs. Anna Jacobson, of Boeschenville, Benton county, Mo. She at once sent word to her husband, Mr. J. H. Farrah, who has a saddlery store at No. 207 Independence avenue, and he went to the Union depot to intercept her suspected departure.

Shortly after his arrival he was told by an officer of the suicide of an unknown woman on the Hannibal bridge. The description of the suicide given him by his informant tallied so closely with the appearance of his sister-in-law that he be-

came alarmed and visited police headquarters to substantiate the information. He was not convinced as to the identity of his sister-in-law, however, until he returned to his home and was told of the finding of the dead girl's pocketbook on the bridge.

Anna Meyer was an attractive brunette, aged 22 years. For the past year she had been employed at the Gate City laundry as a clerk. She had many friends in this city and at her old home at Boeschenville, Mo., and had always borne an unsullied reputation. She was extremely sensitive and for the past week has continually worried over her quarrel with her betrothed and his subsequent departure from this city. At present his whereabouts is unknown.

TAYLOR COMES NOT.

The Contractor for the Fourth Street Paving Running on Short Time.

S. H. Taylor, whose contract to pave Fourth street for \$1.65 a square yard was accepted by the council and who was given ten days in which to file his bond and assume the duties imposed by the ordinance, has not yet shown up. The time will expire at midnight tomorrow night.

City Attorney Smith has a letter from Mr. Taylor, dated at Saginaw, Mich., July 25, stating that he would be compelled to remain at Saginaw for a few days, but he hoped to be in Sedalia on time.

Just what the result will be, in case Taylor does not show up, cannot be foretold. The council can relet the contract, or it may accept the bid of the next lowest bidder. It is thought that, if Mr. Taylor does show up before the next meeting of the council, he will be given a chance to accept the contract and go ahead with the work.

GONE FOR GOOD.

The Champion Dye Works Closed as Soon as Opened.

The Champion Dye Works, located at 520 East Third street, opened a few days ago by a traveling man giving his name as Lemmon, has closed, and Lemmon has gone with his wife, the other female members of his family, his team and his belongings, and no one knows his destination.

He owed a few dollars for rent and some minor bills, but it is supposed his indebtedness was small, owing, no doubt, to his inability to make it larger. He bought a sewing machine from the Sedalia Gun and Machine company, on West Second street, but the manager went yesterday and took it away.

Lemmon drove away in the rain Sunday evening, and has not since been seen.

GONE BACK HOME.

The Young Man Who Was to Marry Miss Mabel Fesler.

Will Cox, the young St. Louis lumber dealer, who was to have married Miss Mabel Fesler tonight, and who was stricken speechless by the announcement that she had discarded him for another, has returned to the Mound City a broken-hearted young man. Dr. Fesler said at noon today:

"Will had a house already furnished, at a cost of \$485, and had ordered his wedding suit. The poor fellow is almost prostrated by his cruel treatment. He could have married another young lady here, one with whom he had kept company for some time, but he decided to return home and try and forget the past."

Thrown from His Buggy.

At noon yesterday, while Frank Shackles, of the Silver Moon restaurant, was driving home to dinner, his horse took fright at a passing handcar at the Thirteenth street crossing. Mr. Shackles was thrown out, but was not badly hurt. Some damage was done to the surrey.

Had His Foot Mashed.

C. M. Baker, a carpenter employed on the new high school building and living at No. 127 South Grand avenue, had the instep of one of his feet badly injured this morning by a brick falling a distance of twenty or more feet upon it.

THE FLAG STAFF.

It Will Be Furnished By the Western Union Telegraph Company.

Lieutenant L. T. Beck, assistant quartermaster of the Second infantry, this morning received a letter from L. C. Baker, superintendent of the Western Union Telegraph company, granting permission to Assistant Superintendent Sheldon, of this city, to tender the use of a flag staff, of northern pine fifty feet long, to be placed on the encampment grounds of the regiment.

The flag staff is a handsome piece of timber, and will be put up at once, under the direction of Lieutenant Beck, from the top of which "Old Glory" will float Sunday morning and every day thereafter during the encampment.

HAD NO FUNDS.

But He Gave a Check on a Sedalia Bank, Just the Same.

A resident of Sedalia, somewhat "under the influence" of liquor, stopped at Sicher's last night with his son, and this morning paid his bill with a \$10 check on the Sedalia National bank, receiving \$8.50 in change.

Later the check was presented for payment, when the discovery was made that the individual who had given the paper had no funds on deposit.

Landlord Conrad located the gentleman and he squared up without any trouble whatever.

Will Resist Payment.

John Holsman, one of the members of the Odd Fellows' Mutual Aid association, who was sued by State Insurance Commissioner Wadell last Saturday, for the collection of assessments issued after the concern had suspended, said this morning that he would resist the payment of the claim. He said he had forfeited his membership long before the time stated, after having been paying for twenty-three years.

Today's Police Court.

In the police court, this morning, Mary Carrs and Eva Combes, colored, were fined \$5 each for keeping late hours and were sent below.

Will Hemphill, charged with a disturbance of the peace by choking a companion, had his case continued until tomorrow.

A Gift of \$5,000.

Dr. R. W. McClelland, of Arrow Rock, Saline county, has given \$5,000 to the building fund of the new Stephens college chapel at Columbia, says the Herald. This handsome donation was given almost unsolicited, and as a mark of affection and gratitude. The chapel, when completed, will be called Nora Mc-

TWO NICE BOOKS.

J. A. Capen's Portrait Among the Poets of America.

County Assessor James A. Capen, the acknowledged poet of the court house gang, has just received from the publishers a handsomely bound and illustrated volume of Thomas W. Henningshaw's "Poets of America," containing Mr. Capen's portrait and two of his poems. The book is filled with the productions of the best and least known poets in the United States, and is quite a literary curiosity.

Another handsome volume, in thick covers and black and gold stamps, is the "Portrait and Biographical Record of Johnson and Pettis Counties, Missouri." This also contains a handsome half-tone picture of Mr. Capen, on heavy plate paper, with a brief sketch of

NEIL O'GARA DEAD.

He Passed Away at His Home in Kansas City Last Night.

James Glass received a telegram this morning apprising him of the death of Neil O'Gara, for a dozen years a resident of Sedalia, at his home in Kansas City last evening, of consumption, at the age of 37 years.

Mr. O'Gara was born in County Donegal, Ireland, and came to America in 1879. He traveled over the country for two or three years selling goods, and in 1882 came here from Holden. He secured employment with James Glass, the wholesale liquor dealer, as salesman and bookkeeper, and filled the position faithfully and efficiently for ten years, when he was forced to resign on account of ill health.

Some six years ago Mr. O'Gara was married to Miss Nellie Lafferty, an accomplished young lady of this city, and three children were born of the union, of whom two, a son and daughter, survive him.

Some two years ago Mr. O'Gara removed his family to Kansas City, where he engaged in the grocery and produce business with his brother-in-law, Robert Lafferty, and was doing remarkably well, when that dread disease, consumption, forced him to give up all business cares.

No more honorable or popular gentleman ever lived in Sedalia than Neil O'Gara, and the news of his demise will be learned of with sorrow by a legion of friends in Sedalia and Pettis county.

The remains will be brought to Sedalia on the noon train tomorrow and taken direct to the cemetery, where Rev. Fr. Dickman will conduct brief services.

The deceased was a member of the Catholic Benevolent society and the Catholic Knights of America, in which latter society he carried \$2,000 insurance.

To the bereaved widow and her two fatherless children the DEMOCRAT extends its sympathy.

Police Changes.

At roll call at 11:30 today, Chief of Police Kahrs announced the following changes of beats for the police for the month of August:

From midnight till noon—On Main street, King; on Ohio street, Raiffeisen; in East Sedalia, Greer.

From noon till midnight—On Main street, Yopst; on Ohio street, Boulton; in East Sedalia, Walker.

Officers Jackson and Friemel as heretofore, and Officer Carter on the north side.

A Baseball Family.

Among the visitors in Sedalia last Friday was Jos. Lindsey, colored, of Sweet Springs, and his ten boys, the latter constituting a baseball club that won two games from the Kansas City Times club recently. The father acts as manager, while one son looks after the finances, the other nine forming the club. They range in years from 11 to 22.

MAKE the "Missouri on Wheels" movement permanent.

GET to work on that exhibit of Pettis county products at once.

INDICATIONS point to a big crowd in this city on August 8th to witness the sham battle and pyrotechnic display.

THE Jefferson City Courier continues to oppose and belittle the "Missouri on Wheels" movement, much to the disgust of the enterprising people of the state. The state capital should be removed from such surroundings.

MEXICO will speedily become as popular as Canada used to be as a resort for embezzlers and swindlers if the purchase of a few acres of land and the declaration of intention to become a citizen defeats extradition proceedings.

MR. WM. C. WHITNEY says he "would not turn his hand for the presidency." Many a politician turns his coat for a great deal less. But, if the democracy goes east for its candidate, Mr. Whitney is the most available man, whether he turns at all or not.

THE Kansas City gas company is asking for a franchise to manufacture gas and sell it to consumers at one dollar per thousand feet in Des Moines, Iowa. If gas can be furnished at that price in Des Moines, it ought to be profitable to make it in Sedalia at something like the same figure.

THE movement to perpetuate the "Missouri on Wheels" scheme is a good one and every patriotic Missourian should do all in his power to make it a success. There should be no difficulty in getting 100,000 men in the state who are willing to put up \$1 a year to further such a good cause.—Kansas City Journal.

A GREAT many people are in doubt—it is honest doubt—about what is meant by the expression, "ratio of 16 to 1." The Butler Democrat advances the theory that it means 16 bushels of corn for 1 dollar. The Clinton Democrat, where they are bothered with cows on the street going to and from pasture, thinks it means 16 cows to 1 small boy. But both of these are wrong. It means 16 people to 1 passenger at the depot when the train comes in.—Warrensburg Tribune.

Gentlemen, you are all wrong. "Sixteen to one" this year means sixteen barrels of corn to one acre. This can be proven in almost any county in Missouri.

THE gold syndicate which is "protecting" the federal treasury has had to deposit \$2,000,000 in gold to maintain the gold reserve. But as the syndicate was given \$2,000,000 in greenbacks in exchange, and as it is the policy of the administration to redeem these greenbacks in gold on demand, the syndicate can have its gold back as soon as the contract expires and be in position to reduce the reserve so as to compel another issue of bonds. The government should get rid of everything in the shape of demand notes at the earliest opportunity.

ACCORDING to the Post-Dispatch an effort is being made by certain politicians to induce the state committee to meet and change the place of holding the democratic state convention from Pertle Springs to Sedalia. The DEMOCRAT does not know to what extent this movement will be carried, but we do know that Sedalia has no hand in it; and while the Future Capital at all times and under all circumstances has a cordial welcome for her guests, she has no disposition to interfere with the present arrangement or by word or deed to take from her neighbor what the enterprising citizens of that locality have secured. Pertle

Springs will entertain the convention handsomely; she secured the prize fairly, and it would be unjust to deprive her of it. So far as transportation for the delegates is concerned, and that seems to be the cause of complaint, the railroads are under no special obligation to carry the delegates free. The Post-Dispatch has complained loudly of attempts on the part of the railroads to control the politics of the state, and now, when the roads refuse to issue passes, the same paper files objections. The DEMOCRAT does not believe that any change should be made as to time or place of holding the convention, nor is it consistent to damn the railroads for issuing passes and then damn them for not doing it.

A DISPATCH from New York notes the arrival of nine foreign capitalists who come for the purpose of investing their money in American securities and American enterprises. One of the best informed of these investors is quoted as saying that, while for two years he had been advising his friends and clients to sell their American securities, he is now advocating a precisely opposite course. These men are not frightened at the prospect of the free coinage of silver. They know that any policy that will increase the prosperity of the country will increase the value of their holdings.

"MISSOURI ON WHEELS."

Meeting of St. Joseph Business Men Held Last Night.

"Missouri on Wheels" was the subject of discussion at the Commercial club rooms last night, says today's St. Joseph Gazette, and a fair representation of citizens and business men were present and took part in the proceedings. There were not as many business men present, however, as the promoters of the enterprise had hoped to meet nor as many as it is hoped will be present at a meeting to be held tonight at the Commercial club rooms. Mr. C. A. Shoup called the meeting to order and was selected as its president. He introduced Mr. Z. F. Bailey, one of the gentlemen interested in the movement and president of the state association. Mr. Bailey at once launched into an exhaustive explanation of the project, and closed by inviting the people of St. Joseph to join in and take a part in the enterprise. Mr. Bailey said there were thousands of farmers and business men in the old eastern states who would come here, go into business or improve the soil could they but know of the great advantages possessed by Missouri, and which would be properly shown up by "Missouri on Wheels." He spoke of the great advantages to be shown by the plan, and stated that so far about fifty of the cities and towns in the state had taken stock in the enterprise and it was an assured fact at the present.

With reference to the cost, Mr. Bailey said that it had been figured out that it would cost about \$5,000 per car to put the train on the road for about six months, as was intended. St. Joseph could have space at that rate in proportion to what was desired. Capt. Posegate then made a short speech, and endorsed the project, as did Mayor Shepherd, Representative James Moran, Rev. Schwab, Gen. Saltzman, Will Beuchle and others. Then Rev. Scwab proposed to effect a permanent organization, divide the work among proper committees and go ahead with the project to give St. Joseph the standing which the city deserves. Mayor Shepherd thought, however, that it would be a wise plan to not effect the organization until tonight and that each person present should make it a point to interest the people today in order that they will come out tonight and push the project through to a successful termination. Every business man and citizen of St. Joseph is invited to meet at the Commercial club rooms at 8 o'clock tonight and help to push St. Joseph forward another step.

'BLOOMERS' COMING.

A Sedalia Young Lady Will Introduce Them.

NOT AFRAID OF OPINION.

Sam Jones Endorses Them and That Is Sufficient—A Bloomer Sensation.

The bloomer costume will be seen in Sedalia in the immediate future. One of Sedalia's most graceful bike riders, who is an artist on both a type-writer and a wheel, said to a DEMOCRAT reporter last evening:

"I am having me a bloomer suit made, and as soon as it is finished I expect to appear in public in it. Sam Jones, the evangelist, says there is nothing wrong with the bloomers, and when he doesn't find fault there is no occasion for anyone else grumbling."

Another young lady said: "I want to see the bloomer come into general use. I am free to admit that I have not the 'cheek' to introduce it, but I'll fall into line as soon as the break is made."

In this connection the following dispatch from Mason, O., dated July 30, is of interest:

Miss Ada Coleman, one of the belles of Warren county, and organist of the Methodist church, marched down the center aisle of the church last evening attired in red bloomers of the most fashionable cut. Miss Coleman walked to the organ, thoroughly unconcerned, and commenced to play as usual. She played until the end, but the meeting was cut very short. The members of the church fled to their homes, horrified beyond description. For several weeks an epidemic of bloomers has engulfed this quiet little town. A few days ago Miss Coleman, who is a leader and general favorite among the society belles of the town, appeared on a wheel in the main streets. She wore bloomers of the most pronounced type, red in color and trimmed gorgeously. They were the first pair of bloomers the residents had ever seen and the whole town turned out to see Miss Coleman ride.

She soon induced her friends to buy wheels and bloomers, and Saturday at least ten young women appeared in a company attired in different colored bloomers.

Rev. John Woodworth, pastor, thought they were very sensible and applauded rather than chided them.

Saturday night a committee requested that he denounce the action of the young women Sunday. Sunday's services came and Rev. Mr. Woodworth never even referred to the bloomers.

There was no end of gossip over the pastor's stand, and last night everybody turned out to prayer meeting.

Last night, when Miss Coleman calmly strode down the center aisle, low murmurs of "Oh, my," "How shocking," "Perfectly dreadful" and "Mercy on us" came from every quarter.

Rev. Mr. Woodworth stood at his pulpit, calm and undisturbed, while the organist in her bloomers marched to her seat, with as much assurance as if she were the best dressed woman in the world. She played the opening hymn, as usual, and sang with more vigor than was her custom. But there was no prayer meeting for that congregation. They could not take their eyes off Miss Coleman's red bloomers.

The girls are with Miss Coleman, and they say it's "bloomers," even if they have to leave the church. Rev. Mr. Woodworth will undoubtedly uphold the young women in their action.

HOME TESTIMONIALS.

If you think your case cannot be cured read these statements from a gentleman and lady of intelligence right in your community who have been great sufferers for years and have tried many other doctors without any benefit:

White Station, near Sedalia, July 24th, '95. I take pleasure in stating that I have been under treatment by the physicians of the World Medical Institute at Sedalia for the past six weeks. I have for ten months been disabled by a trouble pronounced by several of our leading doctors, Sciatic Rheumatism. Under treatment by surgery and by electricity I got steadily worse. I could not sit up or stand without suffering excruciating pain all through my lower limbs. My only rest was to lie with my shoulders lower than my hips, taking off all pressure from the spine. The World doctors pronounced my case inflammation of the spine in the sciatic region. In six weeks I am up able to attend to my business and suffer nothing but weakness of the back. In two months I hope to be radically well. F. A. STAHLHUT.
Mr. Stahlhut is a wealthy and well known farmer near Whites Station, Pettis Co.

I take pleasure in stating that I have been under treatment of the physicians of the World Medical Institute, Sedalia, for a little over six weeks. For 16 years previous I have been tortured by a lung trouble with nearly constant and violent coughing. I have tried many excellent physicians, but they failed entirely to reach my case. The past few months I could rest neither day or night for coughing. I could hardly speak a sentence without being thus distressed; my strength and general health was failing. Under the World doctors in six weeks I am vastly better than ever in 12 years. My friends are all astonished at the change for the better. I sleep well and am but little disturbed by my cough, and am gaining strength. In four months I hope to be as well as a lady of 72 can expect to be. ELIZABETH S. DUBBS.

A Few Facts.

Some people do business alone for what money there is in it, regardless of their future reputation or standing, and when they start out to buy cattle for their market they buy cattle the same way. Anything that is cheap catches their eye—quality cuts no figure with them. It is different with us. We will not be tempted with cheap stuff; it must be strictly first-class or no trade at any price. We are using cattle right now that came right out of the feed lot, corn fed and prime. We are the only market in Sedalia today that is using corn fed cattle. We have no use for the grass trash that is being used at this time in Sedalia. We are determined to hold our reputation, let it cost what it may, and still continue to pay good prices and get the best cattle.

If you will just stop in we will show you some beef that nothing in this city can be found to equal it, and all we ask of you is to ask your neighbor, who buys from us, and see what they have to say of its quality.

Everything is held in cold storage until it is made prime and juicy. Try one of our roast beef and you will be convinced you have been doing business at the wrong market.

Leave word at our market and we will call at your house daily and get your orders, or telephone 120. NEWTON MEAT CO.

WANT TO COME HERE

A Kick on the Pertle Springs Location

FOR THE BIG CONVENTION.

Sedalia Proposed as a Substitute Because of Better Railway Facilities.

Democratic politicians all over the state have begun to clamor for a meeting of the state central committee to change the place for holding the state monetary convention from Pertle Springs to some more accessible point, says the St. Louis Post-Dispatch of last evening. The disposition of the Missouri Pacific railroad to charge an unusually high rate has given rise to this demand.

Sedalia is suggested as the most favorable location for the convention, owing to its more central location and the fact that it is accessible over a dozen lines of railroad. It is a competitive point, and by reason of that fact the railroads would be bound to make a low rate. From St. Louis, as, in fact, from nearly every county in the state, save a few, Sedalia can be reached by some other line than the Missouri Pacific, and the greedy disposition of the latter has engendered a wish on the part of many to go by any other road.

The high rate of fare charged will have a tendency to materially lessen the crowd at the convention. With a cheap rate hundreds of politicians and friends of free silver would go who will be obliged to remain at home unless a lower rate than one and one-third fare can be secured. There is no longer any doubt that the gold men on the state committee entered into a scheme with Col. Bill Phelps at the instigation of Francis and Maffitt to fix the convention at Pertle Springs so that a high rate of fare could be charged. This scheme would serve the ends of the Francis crowd by decreasing the attendance at the convention, and Col. Bill Phelps will be satisfied with the handsome returns his road will receive.

The state committee will be called upon to change the place of meeting, and if Chairman Maffitt can be induced to call the committee together there is no reason to believe that a majority will not vote for a more accessible place than Pertle Springs. This is not the result of any feeling of antipathy to the Pertle Springs people, but the direct outgrowth of the greed of the Missouri Pacific railroad.

THEY WILL PAVE.

Massachusetts Street to Be Improved Between Seventh and Broadway.

The four property owners on Massachusetts street, between Seventh and Broadway, will improve that block and pave it with asphalt, paying cash therefor and getting the benefit of the cheaper rate on that account.

The four property owners are Dr. S. K. Crawford and John A. Collins on the east side of the block, and the Christian church and Sam Beiler on the west side.

It has developed that there was no mistake about setting the curbs in that block, as the owners of the property wanted a forty-foot driveway, and thought that under the circumstances if they were willing to foot the bill they should have it.

Dr. Crawford and Messrs. Collins and Beiler, it is understood, have given unqualified consent to the improvement, and the officers of the church have individually endorsed it.

The work will be undertaken at once and finished as Seventh street is finished.

MISSOURI METHODISTS.

What Was Done at Yesterday's Meeting of the Assembly.

At the Methodist assembly at Pertle Springs yesterday the normal class, taught by Rev. W. G. Carpenter, met at 9 a. m. and discussed the qualifications of the Sunday school teacher. At 10 a. m., Dr. J. H. Briggs gave an address on the relation of the presiding elder to other members of the Methodist church. At the same hour Miss Lillian Bellis, of St. Louis, met the children's classes in the work of the Sunday school board was the

topic on which Rev. Z. M. Williams made an address.

At 2 p. m., Dr. M. D. Chapman, of Baltimore, Md., addressed the assembly on the Sunday school work of the church. At 3 p. m., W. J. Semelroth gave his first normal Bible lesson on "Guide Posts to Testament History." This was followed by a presentation of the work of the American Bible society by Rev. Pope Bond, state agent, of St. Louis. At 4 p. m., Miss Bellis read a paper on primary work, which was followed by a discussion. An interesting round table Sunday school conference was held at 5 p. m. Drs. Chapman and Briggs, Revs. Carpenter, McClure and Ryland, Prof. W. H. Pritchett and W. J. Semelroth are among the arrivals since Monday.

NELSON A DELEGATE.

A Well Known National Banker for Free Silver.

The St. Louis Republic, in speaking of the election of Mr. Lewis C. Nelson, one of the best known bankers and financiers in the state and president of the St. Louis National bank, as a free silver delegate from St. Louis county to the democratic state convention, says:

"Mr. Nelson was seen by a Republican reporter at the St. Louis National bank yesterday. He said he had been notified of his election as a delegate to the state convention, and that he would go to the convention, and, with pleasure, obey the instructions as given in the resolutions adopted by the convention at Clayton. He said he favored free and unlimited coinage of silver on a basis of 16 to 1. He took an American silver dollar from his pocket and pointing to it said: 'That is an honest dollar, a unit of value, the alpha and omega of our money.'"

"When asked what class of bankers favored the free and unlimited coinage of silver on a basis of 16 to 1, Mr. Nelson answered: 'Those who do not borrow money.' He said it was his opinion that democrats who will not stand on a 16 to 1 silver plank in the democratic platform in 1896 will have to vote the republican ticket if they vote. He also said he was confident that the state convention will declare in favor of the free and unlimited coinage of both gold and silver."

STORMS IN MISSOURI.

The Wind and Rain of Monday Night Did Great Damage.

A dispatch of the 30th from El Dorado Springs says that Cedar county has been visited by a regular waterspout. The streams are all out of their banks and several bridges have been washed out on Clear creek, west of town, and passage to the railroad is almost impossible. The Osage river north of El Dorado is a mile wide, and still rising. Crops along the banks are all under water. Monegaw Springs, a health resort on the Osage, is entirely under water.

A Nevada dispatch says: "A heavy rain has been falling for the past twelve hours. The Marmaton today overflowed its banks and hundreds of acres of growing crops are now under water. The creeks have covered a large acreage of corn. The loss will be heavy. A local statistician says the large flax crop has been damaged in the shock over 25 per cent."

A Marshall dispatch says: "About 4:30 o'clock yesterday evening a fierce wind and rain storm did great damage in this city and county to the heavy laden fruit trees and some to corn. Many people sought cellars and places of safety."

A Pioneer's Recommendation.

Mr. J. W. Venable, of Downey, a pioneer of Los Angeles county, Cal., says: "Whenever I am troubled with a pain in the stomach or with diarrhoea I use Chamberlain's Colic, Cholera and Diarrhoea remedy. I have used it for years, know it to be a reliable remedy, and recommend it to every one."

HE'S SAFE IN MEXICO

Ex-Cashier Thompson Can Remain There.

IS A CITIZEN OF MEXICO.

All That Is Necessary Is to Purchase a Small Tract of Worthless Land.

James C. Thompson, ex-cashier of the defunct First National bank of this city, who has been sojourning in the City of Mexico for nearly fifteen months past, will no doubt pursue with interest and approval the following dispatch from Washington, D. C., dated July 30:

There is some reason to fear that a couple of absconders from the United States have discovered a hole in the meshes of the law which may make it impossible in many cases to secure the extradition of criminals fleeing into Mexico from the United States, no matter how grave the charges laid against them.

About a month ago the state department, upon the application of the governor of Iowa, sought to secure the extradition of Chester and Richard Rowe, the former being treasurer of Powershick county, Iowa, and an embezzler of about \$40,000 dollars, and the latter, his brother, charged with complicity in the crime.

The men went boldly to the City of Mexico under the name of Rose, and when it was sought to serve the extradition papers they set up the claim that they were not citizens of the United States, but naturalized citizens of Mexico. They had accomplished this change in their nationality by the simple process of purchasing some real estate and electing to become Mexican citizens.

According to Mexican laws this was sufficient to make them actual Mexican citizens. As under the extradition treaty between the United States and Mexico neither country is bound to surrender its own citizens in answer to a demand for extradition, it is apparent that the way is thus opened for a general evasion of it by criminals, unless the Mexican government should decide to take a broader view of the Mexican law.

So far no official notice of the decision of that government upon the point the United States has raised has reached the state department, and the matter has given rise to serious apprehensions at the department.

THREW IT OUT.

Sedalia Newspaper Excluded from a Church Corner Stone.

One of the Sedalia Sunday newspapers had a short "write-up" of California, Mo., and inadvertently referred to that city as being the county seat of Morgan county instead of Moniteau.

At the laying of the corner stone of a new church near there Sunday, one member of the congregation, who happened to have a copy of the paper mentioned, offered it to be placed among the historical objects in the box usually buried in corner stones, but these inaccuracies in county history were discovered in time and the paper was not preserved.

Robbed a Brakeman.

Joe Chettle, a passenger brakeman running between Sedalia and Parsons, and residing at 923 East Third, mourns the loss of a silver dollar burglariously missing from his residence, but is glad that it was only a dollar. He placed the coin in one of the drawers in his wife's sewing machine, for the purpose of meeting a wood bill. About 6 o'clock in the morning he heard some one in the room below, but thought nothing of it until later in the day, when his wife had used for the money and found it missing. There was plenty of money in the house, but none so handy as this dollar.

An Elegant Supper.

RAILROAD RUMBLE.

There Will Be No Strike on the Gould System

BY THE TELEGRAPHERS.

Items of Interest Picked Up From Various Sources for the Benefit of "Democrat" Readers.

Grand Chief Powell and Assistant Grand Chief Dolphin, of the Order of Railway Telegraphers, were at Fort Worth yesterday and left for St. Louis, but will soon return to Texas.

In discussing the existing troubles between the order and the Cotton Belt railroad, Mr. Powell said:

"This talk about a tie-up order, general strike, etc., is all slush and misrepresents both the railroad company and the order which I represent. I have nothing but friendly feelings for the Gould system, and what little differences do exist will be amicably adjusted. That is my mission in Fort Worth and Texas. There will be no strike or tie-up, as has been intimated, and I never even entertained the idea of ordering one."

An Excursion Opposed.

Superintendent H. G. Bowles, of the West Virginia and Pittsburg railroad, who made all arrangements for Rev. Dr. Talmage to preach a sermon at Gypsy Grove on August 11, to which excursions were to be run from all over the state, has canceled the engagement. This is due to the action of the preachers in towns near Gypsy Grove declaring a boycott on the proposed entertainment, they deeming the running of excursions on Sunday, even to religious services, a desecration of the Lord's day.

A "Katy" Official Resigns.

S. A. Welsh, who for the past six years has been joint ticket agent for the Burlington and Missouri, Kansas and Texas railways at 1042 Union avenue in Kansas City, has resigned his position, to take effect August 1. Mr. Welsh is a popular and efficient railroad man and was well liked by his superior officers. He has not yet announced his future business. It is understood that Mr. Welsh will be succeeded by Passenger Agent Fitzgerald, of the Missouri, Kansas and Texas railway in St. Louis.

Spencer Peters, car repairer, Denison, intermittent fever.

He Arrived Too Late.

Patrick Brown, a former Sedalian, at which time he was foreman of a bridge and building crew on the Missouri Pacific, but now residing at Seattle, Wash., arrived in the city last night and left for home this morning.

He received a telegram last week informing him of the dangerous illness of his mother in St. Louis, and at once started for her bedside. He arrived in St. Louis last Monday, only to learn that his mother had been buried the previous Saturday.

Train Men Laid Off.

Engineer Mercer and Conductor Turner, of the first section of the train wrecked at Beaman a few days ago, have been laid off for a few days. The cases of the engineer and conductor of the second section have not been decided yet, as far as the public is concerned, but it is understood the engineer, at least, will be discharged, as the officers hold that he was largely at fault in the matter.

Dr. W. N. Graham is in St. Louis today.

Ben F. Leonard, of Bolivar, is at Sicher's.

Jake D. Lusk, city editor of the Parsons Sun, is in the city today, on his way home from a pleasure trip to St. Louis, and will take his departure tonight.

Prof. A. J. Smith, wife, son and daughter, of Minneapolis, left this afternoon for Springfield, Ill., their old home, after a few days' visit with friends here.

Henry Meyer left this morning for McAllister to inform his sister, Mrs. W. H. Newrich, of the death of their sister in Kansas City last night, as chronicled on the first page of today's DEMOCRAT.

Mrs. H. M. Shockley and children, of St. Louis, arrived from Parsons last night and left for St. Louis today. Mrs. Shockley is the daughter of Capt. J. W. Grant, acting night depotmaster.

Miss Lula Dee Wentz, a charming belle of Versailles, who has been the guest of Miss Florence Amick for two weeks, left today for Otterville, accompanied by Miss Florence, where they will visit the latter's sister, Mrs. Potter.

Judge John N. Dalby returned at noon today from Warrensburg, where he attended a meeting of the board of regents of the normal school this forenoon. Arrangements were made for laying a number of granitoid walks, and other routine business was disposed of.

Judge Z. F. Bailey returned at noon today from St. Joseph, where he attended a meeting of the Commercial club last night in the interest of Missouri on Wheels. The gathering was an enthusiastic one, he says, and it is almost certain that Buchanan county will arrange for a \$2,500 exhibit.

Will Contain Two Poems.

The roster of General George R. Smith post, Grand Army of the Republic, now in the hands of the printer, will contain two poems by Colonel James A. Capen, one of them pronounced by odds the best from the pen of that more than locally recognized war poet.

Came Too Late.

Mrs. Nellie Wallace, of Boyler's Mills, Morgan county, asked help of Officer Friemel this morning. She came here to work for Antone Rhodans, of 220 Saline street, but as she was engaged on the 14th and didn't show up until the 30th, the place was filled.

She has been twice married. Her first husband, a hunter, accidentally killed himself, and her second husband deserted her, with two small children to care for. Her first husband's mother, Mrs. Garner, resides here.

Take Notice.

All members of the Sedalia Catholic Benevolent society are respectfully requested to meet at Hurley's hall at 12:20 tomorrow afternoon, August 1st, 1895, to attend the funeral of our deceased brother, Neil O'Gara, whose remains will arrive at the union depot from Kansas City at 12:45.

E. G. CASSIDY, Prest.

Take Notice.

All members of the Catholic Knights of America are respectfully requested to meet at Hurley's hall at 12:15 p. m. August 1, to attend the funeral of our deceased brother, Neil O'Gara, whose body will arrive at 12:45 from Kansas City.

EDWARD HURLEY, President.

Will Go to Knobnoster.

Hon. Geo. L. Fouche, Dr. J. M. Harris and Prof. H. L. Billups leave in the morning for Knobnoster, where they will speak during the day at the emancipation celebration. Among the amusements of the day will be an egg race, sack race, apple race, high jumping by men and a nail driving contest by ladies, a prize being offered in each instance.

A Victim of Bug Juice.

Will F. Waller, of the Sedalia Printing Co., is wearing blue goggles today, but they do not enhance his beauty to any extent. A day or two ago a bug flew into one of his eyes. In removing it the insect was mashed, and Will thinks the eye was poisoned as a result.

A Monster Beet.

Albert Bowman, of Fourteenth and Ohio streets, exhibited a monster beet at this office this morning. It is of the Long Blood variety and weighs seven pounds. It is now on exhibition in the window at Ott's pharmacy.

Thanks, Charlie.

Chas. D. Brown has the thanks of the DEMOCRAT for a basket of mammoth Red Weathersfield onions raised from the seed, samples of which would be appropriate for "Missouri on Wheels."

Death of An Infant.

The 6-weeks-old infant of Mr. and Mrs. Frank Farrell, living at No. 710 South Ohio street, died this forenoon of cholera infantum and was buried this afternoon.

'T WAS A FAKE STORY.

Told by a Convict Regarding the Stillwell Case.

NO FOUNDATION FOR IT.

The "Pointer" Given the Convict Furnished by a Man Now a Fugitive from Justice.

The Hannibal Journal on Saturday morning last printed a letter from Jack Kelley, now doing time at Jefferson City from Marion county, in which letter Kelley claimed that some valuable information had been imparted to him by a cellmate in reference to the Stillwell murder. He also stated that from what had been told him it was evident that the murder was committed by a burglar.

The Journal went to work to run down the clew and on Saturday night received a brief dispatch to the effect that Kelley's story would be valueless in the direction of solving the great murder mystery.

Sheriff Pratt and Prosecuting Attorney Heather also determined to run down the clew and wrote letters to a penitentiary employee with whom they are well acquainted. Both received answers to their letters yesterday and kindly consented that the journal be allowed to give the public the benefit of just what there is in the Kelley story.

The Marion county convict claims that the cellmate who told him of knowing so much about the Stillwell murder was Charles W. Montgomery, alias St. John.

Charles W. St. John was sent to the Missouri penitentiary from Perry county, June 28, 1886, for five years for burglary and larceny. He had previously served one term at the Chester and one at the Joliet, Illinois, penitentiaries. He was discharged from the Missouri penitentiary for good behavior under the three-fourth rule, which shows that he was incarcerated at Jefferson City at the time Amos J. Stillwell was murdered.

On March 17, 1892, St. John was sent to the penitentiary again, going up from Gentry county for felonious assault and jail breaking for four years. He was tried, convicted, sent over the road and registered at the pen as Charles W. Montgomery, but was immediately recognized by the prison officials as Chas. W. St. John.

On the 12th of January, 1895, Montgomery, alias St. John, was pardoned by Governor Stone and turned over to the United States authorities, who wanted him in Arkansas for some serious offense. While en route from Jefferson City south with his prisoner, however, the United States marshal suffered the man to, in some way, escape and that was the last heard of him by the Missouri penitentiary officials. It is said that St. John once lived in this city and is a brother to Mr. St. John, who was once yardmaster for one of the railroads in Hannibal.

The fact that St. John was in the pen at the time Mr. Stillwell was killed; the further fact that St. John is now as busy dodging the officers as is the Stillwell murderer, and the still further fact that his testimony would not be credited if it could be secured, would all seem to indicate that Kelley was grabbing at a straw with only a little cheap notoriety in view.

This he got and that ends it.

MRS. YOCOM'S DEATH.

A Former Resident of Lamonte Who Died at Denison.

The DEMOCRAT on Monday chronicled the death of Mrs. Sallie Yocom at Denison, and the Denison Herald of that day had the following particulars:

Mrs. William T. Yocom, wife of Fire Chief Yocom, died at the family residence, corner of Chestnut street and Burnett avenue, yesterday morning at 11 o'clock. The body was prepared for burial and shipped yesterday evening to Lamonte, Mo., for interment.

Deceased was reared in Lamonte, Mo., where she resided up until about 18 months ago. She was then married to Mr. Yocom and moved to Denison. About a month ago a son, Markham G. Yocom, was born to the union, who survives its mother. Mrs. Yocom never left her bed, but began to sink a week or so later, and yesterday the end came. During her comparatively brief stay here her attractive qualities and

many womanly virtues won her many friends.

W. T. Yocom, the bereaved husband, John Culver and Sam Harrison, brother of the deceased, accompanied the remains back to Missouri.

DAMAGES DEMANDED.

A Sensational Suit Filed at Moberly Yesterday.

A damage suit was filed in the circuit court at Moberly yesterday by Joe A. White, manager of the Standard Oil company, against William and Mrs. Susie Cheney, for the sum of \$6,500.

The plaintiff alleges that the defendants, on July 22, caused a search warrant to be issued to search the premises of the Standard Oil company for two radiators, worth about \$10, and plaintiff further alleges that defendants knew they were there for the sole purpose of making a test of the radiators, and that said warrant was willfully, wrongfully and maliciously sworn out by defendants.

The plaintiff in the case was also arrested on a charge of larceny and detained in custody from July 22 until the 29th, and upon a legal hearing was discharged. He now asks \$6,500 damages.

A Couple of Socials.

The Home Missionary society of the German M. E. church gave a social at the home of Mr. and Mrs. Cord Brandt, on West Fourth street, last night.

The ladies of the German Evangelical church gave a like entertainment at the home of Mr. and Mrs. A. J. Schneider, on Wilkerson street.

Wonderful Weather.

It seems almost needless to advertise summer resorts in such a climate as we are having here. July closed with very cool nights, reminding one of mid-autumn rather than mid-summer.

Harwood's New Bank.

Harwood, Vernon county, is rejoicing over a bank being established at that place, with a paid-up capital of \$10,000. The stockholders are some of the county's most influential citizens.

Will Give a Social.

The ladies of the Montgomery Street M. E. church will give an ice-cream social at the residence of Mrs. Schooley, at 913 E. Fourth street, Thursday evening, August 1st.

Webb City Won.

NARCOTI
CURE

CURES THE TOBACCO HABIT
IN 4 TO 10 DAYS
OR MONEY REFUNDED.

USE ALL THE TOBACCO YOU WANT TILL
YOUR "CRAVING" IS GONE.

NARCOTI-CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI-CURE is sold at the uniform price of \$5.00 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

and Was Cured by Narcoti-Cure.

AMHERST, MASS., February 8, 1895.
THE NARCOTI-CHEMICAL CO., Springfield, Mass.

GENTLEMEN: Replying to yours of the 1st, would say that I have used tobacco for 46 years, and of late have consumed a 10-cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only 11 years old, and have never been able to give up the habit until I took Narcoti-Cure, although I have tried other so-called remedies without effect. After using your remedy four days, all "hankering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed and experienced no bad effects whatever. I am gaining in flesh and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say, use Narcoti-Cure. Yours truly,
W. N. WAITE.

If your druggist is unable to give you full particulars about NARCOTI-CURE, send to us for book of particulars free, or send \$5.00 for a bottle by mail.

WAS FAIR BUT FALSE

An Old Man's Darling Gave Him the "Shake."

GOT A HANDSOMER MAN.

Left a Thirteen-Months-Old Babe With Her Despondent and Heart-Broken Husband.

"We hear a good deal of man's perfidy and woman's frailty these days," said Frank Callaway to a Nevada Mail reporter, "but I never personally knew of a case of that kind until last Sunday. In this case, however, it was the woman who was perfidious as well as frail."

"About three weeks ago an old man with a young wife, her thirteen-months-old babe and three other children of the father by a former marriage, came into our neighborhood and camped out by the sulphur spring."

"The man said his name was Hatton and that he hailed from Taney county. He was about 50 years of age and his wife, who was quite a pretty little woman, did not appear to be over 18. He said he had come to Vernon to reside and made numerous inquiries for land to rent. One of the boys hired out to work for George Armstrong. They had some good teams and everything seemed to be moving smoothly enough with them."

"When the Eldorado Springs anniversary celebration was held, old man Hatton hitched up his teams and left for that point with all his belongings, but said he would return. That was the last I saw of him until he came to my home Sunday afternoon. He had his children with him, the 13-months-old baby included, but no wife."

"The old fellow was in deep distress. He said that soon after they arrived at Eldorado they went into camp, a nicely dressed young fellow drove up in a buggy to where his wife was standing and introduced himself as a former acquaintance. The wife did not seem to remember him very well, but finally said she remembered him. The stranger then drove away and old man Hatton saw nothing more of him."

"On Saturday afternoon the old man went out to a pasture after his horses, intending to start back to Nevada that night. When he got back he found his wife gone. His older children told him that while he was after the horses the strange young fellow already mentioned had driven up in his buggy and said he was ready. The woman at once got into the vehicle, bade them goodbye, telling them she was going away for good, and to tell their father it was no use to follow, and drove away."

"Old man Hatton said he would not try to follow her, as he was satisfied the elopement had all been planned between them beforehand. He seemed to be more hurt at the heartlessness of the mother in leaving her thirteen-months-old baby than at her leaving him. He left here Monday morning, saying he was going back to Taney county, where he would leave the baby with his wife's mother, hoping she might thereby be induced to call for it and give it a mother's care."

A "SQUEALER" SKIPS.

What He Said About the Sunday Law Being Violated.

Ever since the statement was made from the pulpit of Centenary church that the Sunday closing law was violated in this city, City Marshal Alderson has been on his mettle, says the Nevada Mail. In a published item yesterday he stated emphatically that such was not the case—that he and the other members of the police force had kept close watch and not in a single instance were they able to discover any infraction of the law.

He learned from Pastor Carpenter that a man named C. A. Grant had given him the information upon which that gentleman's public utterance was based.

"I immediately hunted up this man Grant," said Mr. Alderson. "He said he did not have the necessary data to make the affidavit, but would make it last night. When called upon last night he was still not ready. This morning I met him again and he told me he would make it as soon as he had his breakfast. After breakfast I went to old man Newell's boarding house where he had been stopping and found that he had skipped out. He got his bundle of clothing, telling Mr.

Newell that he would be back shortly. He left owing Mr. Newell for three days' board, and also carried off a pair of spectacles belonging to Jeweler Poe, thus proving himself to be both a thief and liar."

Grant is a Kansas exotic. He came here from Pittsburg about three months ago, and was a painter by trade. He claimed to be a Good Templar and sought to get into the good graces of people by such fake stories as the one in question. He made the same statement to Mayor Jones that he made to Mr. Carpenter and to the city marshal, but on being pressed to make affidavit flew the track altogether. City Marshal Alderson followed him as far as Deerfield on the 12:35 train, hoping to overtake him, but failed to hear anything definite. It is likely that Grant has gone back to Kansas, where such informers are taken at their own valuation without question.

CAN GET DRUNK FOR \$1.

Citizens of Munice, Ind., Evade the Nicholson Law in Drovers.

A Munice, Ind., dispatch of July 29 says: There is more than one way to evade the Nicholson law. Not a saloon is open from Saturday night until Monday morning in Munice, and drug stores are as tightly closed. Several schemes of evasion have been attempted, but the most successful one was started yesterday by Link Hall, owner of the "Fashion," a popular saloon.

He formed what will be known as the "O. B. Joyful club," and placed the membership fee at \$1. Any member can go to a grove north of the city on Sundays, where he receives a lunch and beverages of all kinds with no extra charge. Saturday handbills were distributed and Saturday evening over 300 men paid \$1 at Hall's saloon and were made members. They received the full benefit Sunday. Beer, whisky and all other intoxicants were served, while those who are not members of the club went dry. No members are received on Sunday.

Sunday School Officers Chosen.

The tenth annual convention of the Hickory County Sunday School association at Quincy elected the following officers: President, Hon. Wm. McCracken, of Cross Timbers; secretary, Mrs. J. B. Habert, Cross Timbers; treasurer, Judge N. K. Pope, Preston. The next annual convention will be held at Elkton, Mo.

Sam Jones on Bloomers.

Evangelist Sam Jones says: "Bicycle for women? Yes, sir. I am in favor of the woman on her bike, and I am in favor of bloomers, too. I think the women would look first-rate in breeches. Let 'em have bikes and bloomers. It will do 'em good. They need the wheel, and they can't use it with any degree of safety with skirts wallopin' round their ankles."

"We had an epidemic of dysentery in this vicinity last summer," says Samuel S. Pollock, of Brice-land, Cal. "I was taken with it and suffered severely until some one called my attention to Chamberlain's Colic, Cholera and Diarrhoea remedy. I procured a bottle and felt better after the first dose. Before one-half of the bottle had been used I was well. I recommended it to my friends and their experience was the same. We all unite in saying it is the best."
